New Data Integration Seminar Series

April 18, 2019 12:30 PM – 1:30 PM, CHDD, Room 365

Data Visualization

Presented by:
Caitlin Hudac, Ph.D., Research Scientist, Psychiatry: Children's Division: Bernier Lab
Senior Fellow, Psychiatry and Behavioral Sciences, UW

Data Integration Group Leader:
Frederick Shic, Ph.D., Investigator, Center for Child Health, Behavior and Development,
Seattle Children's Associate Professor, Pediatrics,
Adjunct Professor, Computer Science & Engineering

This new event series aims to support the community of investigators with common challenges related to data integration.

At this event, we will focus on data visualization. Dr. Hudac will facilitate a group discussion related to data visualization considerations and will provide a demonstration on use of R to generate figures using the package "ggplot."

Attendees are invited to bring their lunch. Beverages will be provided. Following the event, we will have additional time for questions, consultation and networking.

RSVP REQUESTED

Please RSVP if you plan to attend here: http://j.mp/2CspsIy

Please share this information with your lab, and particularly trainees.
