

## Clinical Translational Core Research Symposium

Tuesday, October 24, 2017 from 9:30am-11:30am

RSVP @ [https://is.gd/CTC\\_Symposium\\_RSVP](https://is.gd/CTC_Symposium_RSVP)

CHDD Auditorium 150

### Reports on Progress Utilizing Translational Research Services

**Carlos De La Peña, M.D., M.B.A., M.H.A.**, Executive Director, ITHS  
"Institute of Translational Health Sciences Overview"

**Raphael Bernier, Ph.D.**, *Professor of Psychiatry and Behavioral Sciences*  
"Online Phenotyping Approaches for Rare Genetically Defined Subgroups in ASD"  
Translational Research Service: ITHS Biomedical Informatics - REDCap

**Colin Studholme, Ph.D.**, *Professor of Pediatrics and Bioengineering*  
"Mapping the Moving, Growing Human Fetal Brain Using MRI"  
Translational Research Service: ITHS Biomedical Informatics - Amalga

**Ping Mamiya, Ph.D.**, *Research Scientist, Institute for Learning & Brain Sciences*  
"Combining Neural, Genetic, and Behavioral Data for Human Language Learning"  
Translational Research Service: ITHS Biostatistics Consult

**Lisa Ibanez, Ph.D.**, *Assistant Director, Research in Early Autism Detection and Intervention Lab*  
"ImPACT (Improving Parents as Communicative Teachers)"  
Translational Research Service: ITHS Biomedical Informatics - Amalga

**Natalia M. Kleinhans, Ph.D.**, *Associate Professor of Radiology*  
"Finding Research Participants Based on Dimensional Psychological Constructs"  
Translational Research Service: ITHS Biomedical Informatics - Amalga
