

# DISSEMINATION AND IMPLEMENTATION SCIENCE

What is it and Why is it Critical to Translational Science?

TUESDAY, JUNE 19, 2018 | 12-1 PM EDT

**REGISTER NOW**

## LEARNING OBJECTIVES:

1. Know what dissemination, implementation, implementation science and dissemination science are
2. Understand the features of dissemination and implementation (D&I) research studies and what makes D&I research studies different from usual clinical trials
3. Be able to identify funding sources for D&I research

## SPEAKERS

**Enola Proctor, PhD, MSW**

Director, Center for Dissemination and Implementation at the Institute for Public Health; Director, Center for Mental Health Services Research and Shanti K. Khindka Distinguished Professor at the Brown School at Washington University

**Stephen Bartels, MD, MS**

Professor of Geriatrics, and Professor of Psychiatry, Community & Family Medicine and of Health Policy at The Dartmouth Institute

**Laura-Mae Baldwin, MD, MPH**

Professor, Department of Family Medicine, Director, Community Engagement, Institute of Translational Health Sciences, University of Washington

## A LIVE WEBCAST SPONSORED BY:

The N2 PBRN Virtual Training Series (AHRQ, Grant No. 1P30-HS-021667), The Rockefeller University Center for Clinical and Translational Science and Clinical Directors Network, Inc. (CDN)

This webcast is pending for up to 1.0 Continuing Medical Education credits prescribed by the American Academy of Family Physicians (AAFP).

All continuing education credits are provided free of charge.
