

2017 Engineering Innovation in Health Fall Showcase & Lightning Pitches

Fourteen student teams have been collaborating with clinical mentors to define and solve unmet challenges in healthcare. Students will share lightning pitches and 6-7 will be down-selected for continuation into Winter & Spring 2018. Refreshments will be served. Please RSVP to eihealth@uw.edu.

ElH Teaching Team: Jonathan Posner, Jonathan Liu, Eric Seibel, Kat Steele

When: Thursday, Dec. 14th, 2017, 4:30-6:30 PM

Lightning Pitches start at 5:00 pm

Where: University of Washington, HUB 250

Engineering Innovation in Health Teams:

Addressing ICU delirium, UW Critical Care

Surgical Bite Block, UW Anesthesiology

Radio Frequency Ablation, UW Gastroenterology

Metered Dose Inhaler, Family Medicine

Fibula Cutting Tool, UW Head & Neck Surgery

Pediatric Urinary Incontinence, SCH-UW Urology

Neuropathy Exercises, HuskyADAPT

Automated Telecytology Platform, UW Urology

Dental Matrix Band, UW Restorative Dentistry

Hand Hygiene, UW Anesthesiology

Fetal Monitoring for Global Health, UW Anesthesiology

Insulin Self-injector, UW Family Medicine

Dental Dam, UW Dentistry

Helping Hand, HuskyADAPT
